Dear Parents & Guardians of our Grade 6 Roslyn Middle School Students:

Beginning the first week of school, we implemented several new procedures to help ease the transition for our sixth-grade students from elementary school to the Middle School. Grading Grace is the final component of the transition process. We understand that there is a significant change in expectations and grading format from elementary school and as such, we want to set our students up for success as they continue their middle school journey. **Grading Grace, the middle school academic forgiveness procedure, states that if a student's second quarter grade is higher than the first quarter grade in the same subject, it will automatically replace their first quarter Report Card grade. If their first quarter grade is higher than the second quarter, the grade will not be changed.**

Should you have any questions, please feel free to contact Ms. Decker in the Counseling Center.

We are look forward to building on the strong foundation your students have developed over the first two months of school.

All the best,

Craig S. Johanson
