PROCEDURES FOR MESSAGES, LATE ARRIVAL, EARLY DISMISSAL AND DISTRICT SECURITY PROTOCOL

As parents and educators, we know that consistent and timely attendance at school accompanied by uninterrupted instruction creates an optimal learning environment for our youngsters. We do; however, recognize that there are circumstances that arise which require that students arrive late to school or leave early. We would like to offer the following suggestions and guidelines for dealing with those situations.

MESSAGES

Generally, classes cannot be interrupted for messages to students or teachers. Teacher messages will be forwarded to their voicemail; student messages will be posted on the Message Boards in the main lobby. ***Please do not text your child during the school day; it is disruptive to the learning process. Students will not have access to their cell phones while in school.***

LATE ARRIVAL

We ask all parents to encourage their children to use the district's buses for school arrival and departure. In the event you must drive your child to school, please remember that there is congestion in the entrance circle and allow yourself extra travel time. Drop your children off at the inner curbs – pull up as far as possible in the circle. ***Never*** allow your children to leave your car on the LIE south service road or on Locust Lane as this creates a very unsafe situation. Follow the directives of our staff members who are there to assist you.

Please be reminded that arrival at the front desk after **7:35 a.m. constitutes a lateness.**

EARLY DISMISSAL

In the event that you must pick up your child prior to the end of the school day, please park in the designated parking spaces and report to the security window. ***Do not park in the curbside fire lanes even though you expect to be there for only a few moments.*** These lanes are for emergency use only. Please be prepared to follow district guidelines and present a photo ID at the front desk. ***Your child will be called to the Main Office upon your arrival. Please make sure that the emergency contact information for your child has been updated as no child will be released to anyone other than his/her parent or authorized emergency contact person.*** In the event of an emergency, please contact any building administrator for assistance.

EXTRA-HELP DISMISSAL

Whenever possible, please plan to arrive at school after 2:50 p.m. as this will expedite your arrival and departure. Please follow the directions of school personnel and utilize the entire curbside area to pick up your child.

SCHEDULE APPOINTMENTS (BUILDING SECURITY PROTOCOL)

Please remember to make an appointment before coming to see a school staff member, and to RSVP to all school events for which advance notice of your attendance is requested, whether it is a PFA meeting, workshop or any other activity.

POST!!**

- Teachers and students deserve to enjoy extended breaks. No assignments will be due upon return from an extended holiday break. These breaks are: Thanksgiving break, Winter break, February break, and Spring break.

ROSLYN MIDDLE SCHOOL

WEIGHTING OF GRADES POLICY

In 2012, the Board of Education approved the weighting of GPA scores for all past and future high school level courses. Students will now receive two different GPA scores on their transcripts. They will receive an unweighted GPA score and a weighted GPA score. This change will affect certain high school level courses offered at the Middle School and all courses offered at the High School.

How is a weighted high school GPA score calculated?

Final course averages will be multiplied by a numerical amount depending on the level of the course. (Please note the examples for a final course average of **95** listed below.)

- | | | | |
|----------------------------------|---|------|-----------------------------|
| • Regents Level Courses | X | 1.0 | (95 average X 1.0 = 95.0) |
| • Honors or Accelerated Courses: | X | 1.08 | (95 average X 1.08 = 102.6) |
| • Research Honors Courses: | X | 1.09 | (95 average X 1.09 = 103.5) |
| • Advanced Placement Courses: | X | 1.10 | (95 average X 1.10 = 104.5) |

Will final course averages actually be changed on a student's transcript?

No, final averages will not be changed for any courses. The only change that will occur is the addition of an overall weighted GPA score on the transcript.

If a student took a high school level course in the past, will the course be used to calculate the new weighted GPA score?

Yes, all past high school level courses will be calculated to form an accurate, weighted GPA score.

What high school level courses offered at the Middle School will be included in the weighted GPA score?

- | | |
|----------------------------|--------|
| • CC Algebra I Accelerated | (1.08) |
| • Earth Science Honors | (1.08) |
| • CC Algebra I RSH | (1.09) |
| • CC Geometry RSH | (1.09) |

If you have any further questions regarding this important issue, please feel free to contact the Middle School Counseling office at **801- 5215**. Your child's counselor will be glad to assist you.

ROSLYN MIDDLE SCHOOL

GRADING POLICY 2022 - 23

GRADING POLICY

Teachers will grade student tests and assignments based on a numeric system from 0 to 100. The lowest possible quarter average that may be placed on a report card is 50.

Note: A limited number of courses will be graded on a high pass, pass, low pass, fail basis.

Final averages for full year courses with a final exam or Regents test will be calculated as follows:

Q1= 25% Q2= 25% Q3= 25% Q4= 25%

Final Exam or Regents= Will be averaged into the 4th quarter grade.

Final averages for full year courses without a final exam or Regents test will be calculated as follows:

Q1= 25% Q2= 25% Q3= 25% Q4= 25%.

Final averages for alternate-day courses will be calculated with the same format as full year courses.

REPORT CARDS AND INTERIM REPORTS

The purpose of our quarterly Interim Reports and Report Cards is to keep students and their parents informed about academic development. Grades are based on test marks, class participation, special projects, and homework assignments. Grading is done according to a numeric system. An "Incomplete" is only given because of unique personal circumstances.

Students who have difficulty relating to the school work should speak with the subject area teacher. Parents desiring an appointment with a teacher may contact the teacher or call the counseling office to arrange an appointment. **Parents are encouraged to contact teachers whenever there is a concern.**

GUIDELINES FOR INTEGRITY* IN COURSEWORK

****Integrity: honesty & moral excellence***

These guidelines are designed to clarify for students and parents what is acceptable and what is not with regard to student work required to be done independently.

General Principle: ***No student should give or receive unauthorized information that will allow any student to have an unfair advantage over others.***

With regard to tests, quizzes, or any assessments given in class, there should be:

- No cheating of any kind.
- No in-class communication during testing.
- No communication from class to class regarding questions, format, content or answers on a quiz or exam.

With regard to work done out of class:

- Students are expected to work as independently as they would if they were taking a test in class. Of course, this does not apply to group or cooperative assignments. Therefore, there is to be no editing by other people (parents, tutors, siblings, friends, etc.). We do; however, encourage parents to appropriately interact with their children on assignments. Students certainly may discuss their work with others prior to receiving the assignment and or/while the topic is being studied in class.
- Students are encouraged to consult with teachers on outlines and rough drafts prior to handing in a final written copy. However, editing from anyone else is discouraged. The ultimate goal is to encourage students to become increasingly independent with each assignment.
- It is essential that a student be assessed solely on his/her work and effort.
- All research materials must be properly referenced.

If a student does not meet these standards, the teacher will discuss the situation with the department chairperson and/or the principal prior to taking appropriate action.

ROSLYN MIDDLE SCHOOL

GUIDELINES FOR TECHNOLOGY IN THE CLASSROOM

- Students may not use Chromebooks or any electronic devices in school for any social networking activities, such as, *but not limited to*, instant messaging, e-mail, I-chat, SnapChat, Instagram, Facebook or skypeing.
- There is no audio recording, video recording, or the taking of photographs on school grounds at any time.
- A student's lunch period is viewed as an opportunity for positive socialization. Chromebooks may be used in the library during lunch periods and in the library after extra-help.

STUDENT USE OF CHROMEBOOKS IN THE CLASSROOM

- Chromebooks are a recognized educational tool for student use.
- Use of Chromebooks is a privilege.
- Chromebooks are to be used for the task assigned by the teacher for that period; *e.g., class notes, curriculum research* (Google Classroom Platform).
- Students are responsible for securing their Chromebooks and all personal property.
- Students are responsible for charging their Chromebooks every night.

CONSEQUENCES FOR FAILURE TO ADHERE TO TECHNOLOGY GUIDELINES

- Failure to follow Chromebook guidelines may be considered insubordination.
- The first offense will result in a warning by the teacher and notification of the parent/guardian by the teacher.
- Subsequent violations will result in referral to an assistant principal and loss of privileges for a period of time to be determined based on the nature of the offense.

Dear Parents/Guardians of our Middle School Students:

The Roslyn Middle School community takes great pride in being an inclusive environment for all of our students. As you know, we have many programs and activities aimed at students' social and emotional learning, in addition to their academic pursuits. The middle school years are a time when students need a great deal of understanding and nurturing as they mature into young adults.

With that in mind, we are asking our parents to help eliminate the celebrations surrounding individual students' birthdays in the cafeteria. For practical reasons, not all students can be included in birthday celebrations at school, therefore we ask that snacks not be sent or brought to school for birthday celebrations at lunchtime.

I am sure you understand that these guidelines are in the spirit of the Roslyn Middle School's philosophy of promoting social inclusion. As always, please feel free to contact me with any questions or concerns.

July, 2022

Dear Parents/Guardians of Our Middle School Students:

Over the past few years, the Middle School has made a concerted effort to address bullying and relational aggression so that we can continue to provide our students with a safe learning environment. Examples of our initiatives include: team-building activities, grade level assemblies, "respect" projects, special programs and lunch groups for students led by our counselors, psychologist and social worker, as well as an internet safety curriculum, and programs on cyber bullying.

We are encouraged by the response from our entire school community, parents, faculty and students alike, as we continue this partnership to address the social and emotional needs of our Roslyn Middle School students. Our *Social & Emotional Learning (SEL)* and *No Place for Hate* initiatives continue to move forward. We have developed a new school slogan for our school and are incorporating SEL concepts in all of our curriculums. There will be many opportunities to engage our students in teachable moments and we need to work together with one common goal and try to confirm our school slogan each and every day, which is:

"Every Student Matters, Every Moment Counts."

It is in this spirit that we are asking you to support our initiatives and not allow your children to wear party favor apparel to school following weekend events. In doing so you will join us in making a collective statement that no one in our community will knowingly do something to hurt a fellow community member. We encourage all of our students and staff to wear the **Roslyn Blue and White** to show school spirit and unity every Monday.

We are hopeful that we can count on your support regarding this important issue and look forward to working in partnership with you as we take on similar important issues in the future.

Sincerely,

Craig S. Johanson
