Dear Parents /Guardians of students entering **First Grade** in Sept. 2018,

The New York State Education Department requires an updated physical exam for all new entrants into public school, and students in grades Pre-K or K, **1, 3, 5, 7, and 11.**

(Please note that the grades for required physicals have changed this year)

All physical exam documentation should include the following:

- The child's name
- The date of the exam (please note: physicals for the upcoming 2018-2019 school term must be dated 9/5/2017 or later)
- The physician's signature and stamp

Please forward the completed physical form to the Health Office by the first day of school.

If your child's physical is scheduled later than October 2018, please forward the date of the appointment to the Health Office.

**All students without up-to-date physicals, *or* a scheduled appointment date for such a physical, will undergo a rudimentary exam performed by our school district physician in order to satisfy the health law requirement.**

Sincerely,  
Colleen Feehan, RN  
Heights School Nurse
