

Roslyn Athletics

September 8, 2022

Dear Athletes, Parents/Guardians, and Community Members,

The Roslyn Schools Athletic Department is excited to announce the launch of Hudl Focus at Roslyn High School. This new state-of-the-art athletic platform will allow you to watch our home athletic events live from your home computer or mobile device.

Hudl Focus automatically records and uploads livestream events without a videographer, auto-tracking the game ball to deliver the best angle for whatever sport is being recorded. Different angles from multiple lenses are merged to capture the entire playing surface in HD.

Additionally, Hudl Focus is a great coaching tool and it will give our student-athletes the tools to review their own performance.

We presently have three operational cameras in the locations listed below. Click on each one to link to livestream games or access the video archive on our YouTube Athletics Channel. Please note that these links are also listed on the [athletic page](#) of the District website.

1. [RHS Turf Field/Track](#)
2. [RHS Main Gym](#)
3. [RHS North Gym](#)

We hope you enjoy the convenience of watching your children play sports virtually. If you're interested in learning more about this amazing technology, [click here](#) to watch a short clip about how the cameras work.

Go Bulldogs!

Sincerely,

Michael Brostowski, Ed.D.
Director of Health, PE, & Athletics
