Payment for overnight lodging is permitted for overnight travel which is necessary for the performance of School District business. When the lodging rate is pre-determined by the organization sponsoring the event, lodging costs shall be reimbursed at a rate not in excess of the rate charged by the convention/event hotel, notwithstanding what the federal travel reimbursement rate is. When a Board of Education member or a school official or staff member engages in overnight travel, that individual may also be reimbursed for meals, registration costs, and miscellaneous other expenses, as defined below, but not for personal expenses.

Hotel accommodations that exceed the GSA rate or the rate charged by the convention/event hotel rate will be reimbursed only if approved by the Board President (for members of the Board of Education and the Superintendent of Schools) and the Superintendent of Schools (for all others) prior to the stay. Notwithstanding the foregoing, when the purpose of staff travel is to chaperone or accompany students to a school-sponsored or school-related event, the lodging rate of the hotel at which the student is staying will determine the lodging rate for the employee to be paid by the School District.

Method of Transportation

Travel shall be by the most economical and practical means as determined by the School District, whether by private automobile, school vehicle, rental vehicle or common carrier such as bus, train, or airplane. Additional factors, including the number of people traveling, luggage and materials to be transported, meeting schedules, Board of Education member or school officer or staff member health and safety, the cost of the school officer's or staff member's time, and the impact on the Board of Education member's or school official's or staff member's ability to efficiently conduct School District-related business upon arrival, should also be considered when deciding on the most appropriate means of transportation.

Personal Vehicle

In certain instances, it may be appropriate for school officials or employees to use their personal vehicles for School District-approved travel. Employees may be reimbursed for personal vehicle use at the prevailing IRS rate per mile. Toll and parking are also eligible for reimbursement. Repairs, maintenance and vehicle fluids (including, but not limited to, fuel and oil) are not reimbursable.

Rental Vehicle

Although the use of rental vehicles may be necessary when travel is required out of the area for school-related purposes, rental vehicles are generally not permitted for local travel. In lieu of mileage, vehicle rental charges and fuel costs for travel out of the area incurred by Board of Education members or school officials or staff members may be submitted for reimbursement, provided such expense is approved in advance, is necessary for conference attendance and is reasonable in cost.
