POLICY 6700

Purchasing

Adopt Revised Policy

ROSLYN UNION FREE SCHOOL DISTRICT

PURCHASING

POLICY 6700

The Board of Education views purchasing as serving the educational program by providing necessary supplies, equipment and related services. ~~Purchasing will be centralized in the business office under the authority of the Purchasing Agent designated by the Board.~~

The Board of Education designates Deidre Ciminera as the Purchasing Agent for the School District. The Purchasing Agent will be responsible for administering all purchasing activities and ensuring the quality and quantity of purchases made by the district. All purchases shall be made through the Purchasing Agent.

The Purchasing Agent is authorized to issue purchase orders without prior approval of the Board when formal bidding procedures are not required by law and budget appropriations are adequate to cover such obligations.

The Purchasing Agent shall be responsible for preparing all bid specifications and a statement of general bidding conditions to be included in every notice or invitation to bid. The District Clerk will be responsible for the documentation of all bids and proposals. If there are questions concerning specifications, the Purchasing Agent will consult with the requisitioner to clarify the matter so as to ensure that the appropriate goods or services are obtained.

It is the goal of the Board of purchase competitively, without prejudice or favoritism, and to seek the maximum educational value for every dollar expended. Competitive bids or quotations shall be solicited in connection with purchases pursuant to law. "The General Municipal Law requires that purchase contracts for materials, equipment and supplies involving an estimated annual expenditure exceeding \$20,000 and public work contracts involving an expenditure of more than \$35,000 will be awarded only after responsible bids have been received in response to a public advertisement soliciting formal bids. *The district has elected to maintain limits of \$10,000 for purchase contracts and \$20,000 for public work contracts beyond which bids will be solicited.*"

In accordance with law, the district shall give a preference in the purchase of instructional materials to vendors who agree to provide materials in alternative formats. The term "alternative format" shall mean any medium or format for the presentation of instructional materials, other than a traditional print textbook, that is needed as an accommodation for a disabled student enrolled in the district (or program of a BOCES), including but not limited to Braille, large print, open and closed captioned, audio, or an electronic file in a format compatible with alternative format conversion software that is appropriate to meet the needs of the individual student.

Purchases involving the expenditure of federal funds, federal grants and/or federal awards

For all purchase contracts involving the expenditure of federal funds, federal grants and/or federal awards, the district shall comply with the Uniform Guidance procurement rules issued by the United States Office of Management and Budget.

Goods and services which are not required by law to be procured by the district through competitive

bidding will be procured in a manner so as to ensure the prudent and economical use of public monies, in the best interests of the taxpayers, to facilitate the acquisition of goods and services of maximum quality at the lowest possible cost under the circumstances, and to guard against favoritism, improvidence, extravagance, fraud and corruption.

Best Value

When it is in the best interests of the School District, contracts for purchases of materials, supplies or equipment (except printed material), may be awarded to a responsive and responsible bidder on the basis of "best value" in accordance with the requirements of General Municipal Law, section 103 and State Finance Law, section 163. When the School District determines to award a purchase contract on the basis of "best value," the bid specifications shall identify the criteria and rating system to be utilized in making a "best value" determination. The purchasing agent shall maintain documentation reflecting said criteria and rating system, as well as the evaluation of each bidder's bid in connection with same.

Procurement of goods and services pursuant to a contract let by the United States of America or any agency thereof, any state or any other county or political subdivision therein

The School District, may, when permitted by law and applicable contract terms, utilize contracts let by the United States of America, any agency thereof, any state or any other county or political subdivision or district therein if such contract was let in a manner consistent with New York State law and made available for use by the School District.

Alternative proposals or quotations will be secured by requests for proposals, written quotations or any other appropriate method of procurement, except for procurements:

1. under a county contract;
2. under a state contract;
3. of articles manufactured in state correctional institutions; or
4. from agencies for the blind and severely disabled.

The district's purchasing activity will strive to meet the following objectives:

1. to effectively supply all administrative units in the school system with needed materials, supplies, and contracted services;
2. to obtain materials, supplies and contracted services at the lowest prices possible consistent with the quality and standards needed as determined by the Purchasing Agent in cooperation with the requisitioning authority. The educational welfare of the students is the foremost consideration in making any purchase;
3. to ensure that all purchases fall within the framework of budgetary limitations and that they are consistent with the educational goals and programs of the district;
4. to maintain an appropriate and comprehensive accounting and reporting system to record and document all purchasing transactions; and

ROSLYN UNION FREE SCHOOL DISTRICT

PURCHASING

POLICY 6700

5. to ensure, through the use of proper internal controls, that loss and /or diversion of district property is prevented.

Opportunities shall be provided to all responsible suppliers to do business with the school district. Purchases will be made through available state contracts of the Office of General Services, county contracts, or agreements entered into by school districts for joint purchasing whenever such purchases are in the best interests of the district. In addition, the district will make purchases from correctional institutions and severely disabled persons through charitable or non-profit-making agencies, as provided by law.

The district will provide justification and documentation of any contract awarded to an offer or other than the lowest responsible dollar offer or, setting forth the reasons why such award is in the best interests of the district and otherwise furthers the purposes of section 104-b of the General Municipal Law.

The Purchasing Agent will not be required to secure alternative proposals or quotations for:

1. emergencies where time is a crucial factor;
2. procurements for which there is no possibility of competition (sole source items); or
3. very small procurements (\$1,000.00 or less) when solicitations of competition would not be cost-effective.

The Board authorizes the Superintendent of Schools, with the assistance of the Purchasing Agent, the Treasurers and the Internal Auditors to establish and maintain an internal control structure to ensure, to the best of their ability, that the district's assets will be safeguarded against loss from unauthorized use of disposition, that transactions will be executed in accordance with the law and district policies and regulations, and recorded properly in the financial records of the district.

The Purchasing Agent, Treasurers and Internal Auditors shall be responsible for the establishment and implementation of the procedures and standard forms for use in all purchasing and related activities in the district. Such procedures shall comply with all applicable laws and regulations of the state and the Commissioner of Education.

No Board member, officer or employee of the school district shall have an interest in any contract entered into by the Board or the district, as provided in Article 18 of the General Municipal Law.

The Purchasing Agent shall meet with the Board annually to review the district's procurement procedures including this purchasing policy and regulation.

The unintentional failure to fully comply with the provisions of section 104-b of the General Municipal Law or the district's policies regarding procurement will not be grounds to void action taken nor give rise to a cause of action against the district or any officer or employee of the district.

ROSLYN UNION FREE SCHOOL DISTRICT

PURCHASING REGULATION

POLICY 6700-R

The following sets forth the procedures for the procurement of goods and services by the district:

Definitions

Purchase Contract: a contract involving the acquisition of commodities, materials, supplies or equipment

Public Work Contract: a contract involving services, labor or construction

General Municipal Law

"The General Municipal Law requires that purchase contracts for materials, equipment and supplies involving an estimated annual expenditure exceeding \$20,000 and public work contracts involving an expenditure of more than \$35,000 will be awarded only after responsible bids have been received in response to a public advertisement soliciting formal bids. *The district has elected to maintain limits of \$10,000 for purchase contracts and \$20,000 for public work contracts beyond which bids will be solicited.*"

Competitive Bidding Required

A. Method of Determining Whether Procurement is Subject to Competitive Bidding

1. The district will first determine if the proposed procurement is a purchase contract or a contract for public work.
2. If the procurement is either a purchase contract or a contract for public work, the district will then determine whether the amount of the procurement is above the applicable monetary threshold as set forth above.
3. The district will also determine whether any exceptions to the competitive bidding requirements (as set forth below) exist.

B. Contract Combining Professional Services and Purchase

In the event that a contract combines the provision of professional services and a purchase, the district, in determining the appropriate monetary threshold criteria to apply to the contract, will determine whether professional service or the purchase is the predominant part of the transaction.

C. Opening and Recording Bids: Awarding Contracts

The District Clerk will be authorized to open and record bids and to forward them to the Purchasing Agent. Contracts will be awarded to the lowest responsible bidder meeting specifications (as recommended by the Purchasing Agent), who has furnished the required security where applicable, after responding to an advertisement for sealed bids.

ROSLYN UNION FREE SCHOOL DISTRICT

PURCHASING REGULATION

POLICY 6700-R

D. Documentation of Competitive Bids

The Purchasing Agent will maintain proper written documentation which will set forth the method in which it determined whether the procurement is a purchase or a public work contract.

A quote which exceeds the bid limit will be awarded only when such award is in the best interests of the district and otherwise furthers the purposes of section 104-b of the General Municipal Law. The district will provide justification and documentation of any such contract awarded.

E. Purchase of Instructional Materials

In accordance with Education Law, the district shall give a preference in the purchase of instructional materials to vendors who agree to provide materials in alternative formats (i.e., any medium or format for the presentation of instructional materials, other than a traditional print textbook, that is needed as an accommodation for a disabled student enrolled in the district, including but not limited to Braille, large print, open and closed captioned, audio or an electronic file in an approved format.

The district will establish and follow a plan to ensure that every student with a disability who needs his or her instructional materials in an alternative format will receive those materials at the same time that they are available to non-disabled students.

F. Leases of Personal Property

In addition to the above-mentioned competitive bidding requirements, section 1725 of the Education Law requires that the district be subject to competitive bidding requirements for purchase contracts when it enters into a lease of personal property.

Documentation:

The district will maintain written documentation such as quotes, cost-benefit analysis of leasing versus purchasing, etc.

Any legal issues regarding the applicability of competitive bidding requirements will be presented to the school attorney for review.

Exceptions to Competitive Bidding Requirements

The district will not be subject to competitive bidding requirements when the Board, in its discretion, determines that one of the following situations exists:

1. Emergency situations where:
 - a. the situation arises out of an accident or unforeseen occurrence or

POLICY 6700-R

The district will maintain written documentation of the unique benefits of the item or service purchased as compared to other items or services available in the marketplace; that no other item or service provides substantially equivalent or similar benefits; and that, considering the benefits received the cost of the item or service is reasonable, when compared to conventional methods. In addition, the documentation will provide that there is no possibility of competition for the procurement of the goods.

The resolution must contain a full explanation of the reasons for its adoption.

Quotes When Competitive Bidding Not Required

Goods and services which are not required by law to be procured by the district through competitive bidding will be procured in a manner so as to ensure the prudent and economical use of public monies in the best interests of the taxpayers. When deemed necessary by the district, alternative proposals or quotations will be secured by request for proposals, written or verbal quotations or any other appropriate method of procurement, as set forth below.

A. Method of Documentation

3. Requests for Proposals: the district will contact a number of professionals (e.g., architects, engineers, accountants, lawyers, underwriters, fiscal consultants, etc.) and request that they submit written proposals. The RFPs may include negotiations on a fair and equal basis. The RFPs and evaluation of such proposals will consider price plus other factors such as:
