Description

The mission of Long Island Children's Museum is to connect all our communities' children, and those who care for them, to a life of wonder, imagination, and exploration. At LICM, children discover their passions and their relationship to the world we share. The 40,000-square-foot museum welcomes nearly 275,000 visitors annually. The private, not-for-profit institution, offers museum-based educational programs and cultural experiences, as well as an extensive community outreach program offered in schools, libraries and youth centers across Long Island. Additionally, the Children's Museum operates the historic Nunley's Carousel in association with Nassau County, one of three intact Stein & Goldstein carousels still in existence.

LICM is accredited by the American Alliance of Museums (AAM), recognized as the field's gold standard for museum excellence and signifies a museum's quality, credibility and deep commitment to mission and community. Less than 3% of the nation's more than 30,000 museums have earned this recognition. LICM is currently the only children's museum in NY State, and just one of 16 nationwide, to achieve accreditation. The Museum is the recipient of the 2012 National Medal for Museum & Library Service, the highest honor conferred on museums for extraordinary civic, educational, economic, environmental, and social contributions.

Description	Usdan provides an immersive arts experience and fosters friendship and shared enthusiasm among young artists. Our program offers instruction by experienced educators and professional artists in five art disciplines—Art, Creative Writing, Dance, Music, and Theater—and three specialty areas—Chess, Nature & Sustainability, and Recreational Arts. Students choose a Major, Minor, and Recreational Activity for four or eight weeks depending on their interests. All that is needed to attend is an open mind and an excitement for the arts. Bus transportation from Roslyn is included in tuition.
Summer Opportunities	Usdan’s Leadership Program for high school students is designed to cultivate thoughtful, independent young adults who will become the next generation of leaders in the arts. In addition to their classes, students gain valuable work experience serving as mentors to younger students and assisting in camp operations.
