* Weak Superscoring—This school falls somewhere between “highest composite score” and “superscoring.” For instance, Cornell, Duke, and NYU look at the highest subscore they do not build a new composite score. We find this to be almost a distinct difference, especially since some colleges do the same thing behind the scenes “superscoring.”

**Stanford does not superscore ACT; however the website states, “For the ACT we will superscore your Evidence-Based Reading and Writing and Math scores taken with the essay and sittings taken without the essay.”
