

DEPARTMENT: ART

NAME OF COURSE: COMPUTER GRAPHICS

GENERAL DESCRIPTION OF COURSE

In this course students will experience the element of design through electronic medium. Projects involve simple optical design to complex and challenging manipulation using the Adobe Creative Suite.

No prior Photoshop experience needed.

REQUIREMENTS

Active class participation, daily attendance, productive use of lab time and completion of class assignments are required for this course.

GRADING PROCEDURES

Classwork and project grades make up quarterly grades. Projects will be graded on the students' ability to display their understanding of artistic concepts.
