

DEPARTMENT: **ART**

NAME OF COURSE: **Advanced Sculpture & Ceramics**

Prerequisite

Sculpture & Ceramics

GENERAL DESCRIPTION OF COURSE

Students will continue exploring a variety of sculptural materials and methods. Clay, cardboard, wood, wire, and metal are some of the materials used. Students who are considering the Advanced Placement 3D Design course should take this course, as well as Portfolio 3D Design.

REQUIREMENTS

Active class participation, daily attendance, and completion of artworks are required for this course.

GRADING PROCEDURES

Classwork and artwork grades make up quarterly grades.
