

**DEPARTMENT: MATHEMATICS**  
**NAME OF COURSE: ALGEBRA 2 COMMON CORE**  
**GENERAL DESCRIPTION:**

Algebra 2 Common Core is the last year of the New York State Common Core Regents curriculum. In Algebra 2 Common Core, the prescribed topics of Algebra 2 CC will be studied. In addition to the development of skills necessary for the students' progression to higher level courses in this subject area, we seek to cultivate a sense of appreciation of mathematics for its aesthetic value.

**MAJOR TOPICS COVERED:**

Polynomial Functions Radicals Expressions, Using the Pythagorean Theorem, Exponential and Logarithmic, Determining Transformations of Functions, Sequences and Series, Mathematical Induction, Matrices, Counting and Probability, Binomial Theorem, Conic Sections, Set Theory, Financial Mathematics

**TEXTBOOK:** Algebra 2 Trig, Amsco School Publications

**REQUIREMENTS:**

Students are expected to maintain a set of well-organized notes in a mathematics notebook, complete daily homework assignments, and read selections from texts as assigned. Regular attendance is expected, and students are to make up work missed due to absences. Students should seek extra help during the school day in the mathematics study center or after school with the teacher when necessary. Appropriate behavior, respect for self and others, and participation in classroom activities are expected.

**GRADING PROCEDURES:**

The grade for each of the four marking periods is determined by unit exams, quizzes, and timely completion of homework assignments. The student's final grade will be determined by averaging the four quarter grades and the Regents grade equally.
