

Roslyn High School

Department: Special Education

AIM:

The purpose of workshop is:

1. To provide individualized services for each student, based on their own IEP Goals and Objectives
2. To allow for group reinforcement of subject specific material
3. To provide instruction and practice of social skills necessary for success in everyday life.

OBJECTIVES:

1. To directly teach study strategies which will enable students to enhance performance in mainstream classes.
2. To provide instruction to strengthen weaknesses
3. To improve organizational and time management skills
4. To teach self-advocacy and social interaction skills

SELECTED SKILLS:

1. Develop skills for active listening in the classroom
2. Generate notes from text and lectures
3. Provide support services for daily assignments and material from the mainstream classes.
4. Reinforce textbook reading strategies
5. Establish calendars for completion of long and short term assignments
6. Proofread written work
7. Build techniques to aid memorization of academic material
8. Continue to improve research techniques

MATERIALS:

1. Subject specific assignments
2. Teacher –made materials
3. Text and workbook material
4. Smartboard for lessons and kinesthetic reinforcement
5. Newspaper and Magazine generated assignments
6. School Island Assignments
