Public Comments #2

Mr. Morgenstern, Parent, read a statement to the Board in regard to the parking spot lottery held this morning at the High School. The issue was all seniors did not receive parking spots. He requested a copy of the procedures used to determine who can participate in the lottery and who ultimately secures a parking spot. He stated he was unable to locate the information on the district website. He wanted to know if this information is published for the parents or students. If not, he requested that the information be published immediately. He asked the district to disclose the number of parking spots available for seniors today and how many more will be made available once the construction is completed. He commented that it was his understanding that students who were ineligible for the lottery were awarded parking spots. He wanted to know how this took place.

He acknowledged that parking at high schools is troublesome. He questioned why the Administration knowing this senior class was larger than in past years and there was construction on the school grounds did not focus on the issue of lack of parking for all students prior to the school year? Mr. Morgenstern presented two possible solutions to the current parking problem. 1) Eliminate dedicated parking spots, so spots would be available on a first come, first serve basis. 2) Charge a small parking permit fee for temporary valet parking for a small group of students during the construction phase. He also offered his time and energy to help in finding a solution.

Ms. Ben-Levy thanked Mr. Morgenstern for trying to be creative in finding a solution to the problem but stated some of his solutions are not legally feasible. She informed Mr. Morgenstern that the Administration is currently working on this issue.

Mr. Saffron thanked Mr. Morgenstern for his efforts. Mr. Saffron reiterated this is not the first time we have held a lottery due to the size of the class. He spoke about the planned renovation of the front High School parking lot. He explained the reason we moved the buses and will be relocating the bus garage is to create additional parking spots.

Ms. Brown emphasized she understands how important it is for seniors to be able to drive to school and they should have a spot. She explained that work was done over the summer in regard to parking spots and the construction was taken into consideration. She explained that today we had ten (10) buses waiting for repair and they were moved off the property and parked on the street. This freed up some spaces. In addition, the Administrators volunteered to park on the grass in order to free up additional spots.

Ms. Brown explained that she became aware of this issue today and is personally involved with the situation. She stated we are looking for alternatives for some spots and the first priority is to the kids.

Ms. Rebetti, Parent, commented on her effort to find a solution to the parking issue she thought of the 13 visitor spots behind the high school by the baseball field. She stated that 90% of the time there is no one in those spots. When the Administration was questioned about those spots, they informed the parents those spots were used by community members who walk the track. Ms. Rebetti proposed that we close the track to the public during the day throughout construction and give those spots to the students.

Ms. Ben-Levy explained the Administration and High School administrators are looking for solutions to the problem. The closing of the track would not be a feasible option, since it is possibly one of the most used facilities in the community.

Mr. Flick, Parent, commented there is a rumor that 122 seniors received spots and 13 students did not. His request was to make the students happy by finding 13 parking spots.

Mr. Morgenstern, Parent, made an additional statement that it is a privilege to park at the school, but there are other reasons kids drive to school besides being a senior such as medical and employment reasons.

Ms. Ben-Levy stated that no one wants our kids unhappy, especially our seniors.
